

Data Center

NEW YORK-HAWTHORNE

TierPoint helps your organization manage risk, drive performance and improve agility. Our state-of-the-art facility in Westchester County is part of a nationwide network of data centers with a shared commitment to:

1. Carrier Neutrality and Redundancy

By having many on-net carriers and by supporting cross connects to other carriers, you get access to the Internet bandwidth and connectivity services of your choice.

2. Security and Compliance

Equally important is a company-wide emphasis on security and compliance including the establishment of a national office to define and deploy information security best practices.

3. Responsiveness and Expertise

All of our data centers are supported by people who are passionate about client success, responsive to unique client requirements and who have the technical expertise and desire to help clients achieve their business goals.

DATA CENTER HIGHLIGHTS

- TierPoint operates two separate buildings in Hawthorne, sharing a 91-acre campus with the Westchester County Medical Center and the New York Medical College
- Located 35 miles from New York City (NYC) and receives power from two diverse sub stations
- Sits 350 ft. above sea level, is not in a designated 500-year flood zone and is also outside of NYC's 12-mile blast zone
- Diverse dark fiber ring into III 8th Avenue and 60 Hudson Street in NYC
- Westchester County is widely seen as a superior and strategic alternative to New Jersey and Connecticut for NYC businesses that need DR services
- Significant amount of room for expansion
- Build-to-suit business continuity suites include conference rooms, Internet connectivity, phone service and more

TierPoint's Westchester facility provides more than 140,000 sq. ft. of raised floor space for equipment and business continuity work areas. It is a safe, secure facility audited under HIPAA, PCI DSS, Gramm-Leach-Bliley Act, SSAE-I6 SOC I Type II and SOC 2 Type II standards annually.
