

# TierPoint Network Matrix: Carriers

Updated: June 2019

## Our Nationwide Network Portfolio Brings the Internet Closer to You

Whether you're serving up lots of content, have unpredictable network traffic or want to leverage the Internet of Things (IoT) as part of a digital transformation initiative, we can deliver reliable low-latency connectivity even in second- and third-tier markets.

## Edge Data Centers with Carrier Density, Cloud On-Ramps, and Less Latency

Get close to your users and cut latency with robust local networking at more than 42 TierPoint data centers. Our edge facilities provide fast last-mile connectivity for content, and local processing for IoT businesses.

## Resilient Facilities with Carrier Access

Ensure top performance and uptime with premier engineering, fiber infrastructure served by multiple Tier 1 carriers, redundant power, physical security, and in-house technical expertise, in a safe and secure TierPoint environment.
